

Child Not Feeling Well?

If your child is exhibiting cold or flu symptoms, or just does not seem themselves, **PLEASE keep them home for further evaluation** to help us [Stay Safe to Stay Open](#). **Below is a SYMPTOM DECISION-TREE** to help you decide what to do next. Please be sure to call the office to report your child absent and describe symptoms 262-367-2000 x301.

Nurse Beth will likely call you once the day has started to learn more about how your child is feeling. If your child is well enough, we encourage them to login and do the virtual experience for the day. This helps them stay connected to the class instruction and helps practice for any future virtual learning. If they are not well enough, they should rest instead.

Student Symptom Decision Tree

Screen all students for potential COVID-19 symptoms or exposure

Low-risk: general symptoms

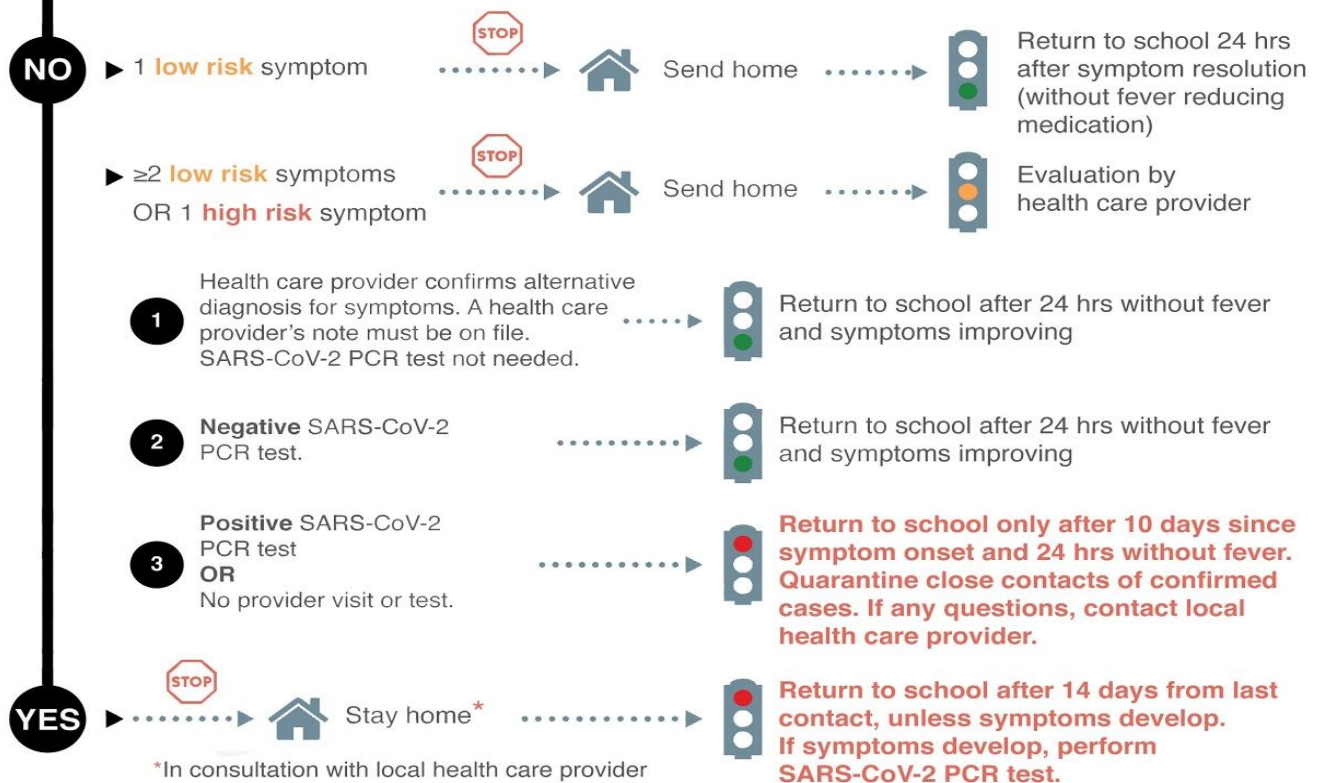

-  Sore throat
-  Fatigue/muscle or body aches
-  Headache
-  Congestion/runny nose

High-risk: red flag symptoms

-  Difficulty breathing
-  Loss of taste/smell
-  Fever (≥100.4°F)
-  Cough
-  Nausea/vomiting/diarrhea

Exposure to COVID-19 positive person?

Close contact: less than 6 feet, 15 minutes or longer
